Subpart A—Cattle and Bison

§ 77.1 Definitions.

As used in this subpart, the following terms shall have the meanings set

forth in this section except as otherwise specified.

Accredited-free State or zone. A State or zone that has zero percent prevalence of affected cattle and bison herds, that has had no findings of tuberculosis in any cattle or bison in the State or zone for the previous 5 years, and that complies with the provisions of the “Uniform Methods and Rules—Bovine Tuberculosis Eradication,” except that the requirement of freedom from tuberculosis is 2 years from the depopulation of the last infected herd in States or zones that were previously accredited-free and in which all herds affected with tuberculosis were depopulated.

Accredited-free (suspended) State or zone. A State or zone with the status of an accredited-free State is designated as accredited-free (suspended) if tuberculosis is detected in any cattle or bison in the State or zone.

Accredited herd. To establish or maintain accredited herd status, the herd owner must comply with all of the provisions of the “Uniform Methods and Rules—Bovine Tuberculosis Eradication” regarding accredited herds. All cattle and bison in a herd must be free from tuberculosis.

Accredited veterinarian. A veterinarian approved by the Administrator in accordance with the provisions of part 161 of this subchapter to perform functions specified in subchapters B, C, and D of this chapter.

Administrator. The Administrator, Animal and Plant Health Inspection Service, or any person authorized to act for the Administrator.

Affected herd. A herd in which tuberculosis has been disclosed in any cattle or bison by an official tuberculin test or by postmortem examination.

Animal. All species of animals except man, birds, or reptiles.

Animal and Plant Health Inspection Service. The Animal and Plant Health Inspection Service of the United States Department of Agriculture (APHIS or Service).

APHIS representative. An individual employed by APHIS who is authorized to perform the function involved.

Approved feedlot. A confined area approved jointly by the State animal health official and the Administrator
